

Model		F 100	F 125
Fuels		Wood logs, brown coal, lignite	
Output	kW	100	125
	kcal/h	86.000	107.500
Overall Efficiency	%	80	79
Net weight	kg	505	560
Water volume	lt	205	245
Combustion ch dimensions	Height	560	
	Width	550	
	Length	750	825
Fuel loading clearance (upper door)	mmxmm	550 x 285	
Flue circulation		Horizontal four pass	
Draught		Fan forced	
Temperature control range	C	50 to 90	
Maximum operating temperature	C	100	
Minimum return temperature	C	50 (recommended)	
Requested draught at flue	Pa	40	
Flue gas mass flow	kg/s	0,09	0,12
Maximum operating pressure	bar	3,2	
Water flow/return connections	R	1 1/2"	
Filling / draining connection	R	3/4"	
External dimensions	Height (H)	1400	1400
	H1	1160	1180
	H2	153	
	Width (W)	750	
	Length (L1)	840	960
	L	1460	1585
	Flue outlet diameter (D)	200	
Electrical supply		230 V - 50 Hz	
Power consumption (fan)	W	160
